ACADEMIC CHRONICLES

Course	Institute	Year of Passing	Score
B.E (MECH)	K.L.N. COLLEGE OF ENGINEERING	2020	81%
H.S.C	MEPCO SCHLENK MAT. HR. SEC. SCHOOL	2016	86%
S.S.L.C	MEPCO SCHLENK MAT. HR. SEC. SCHOOL	2014	96%

PROJECTS AND EXPERIENCE

➤ COGNIZANT TECHNOLOGY SOLUTIONS | DEC 2020 - PRESENT

Test Analyst – Cloud Migration Project

Did Functional Validation and Integration testing on **Azure** environment. Validated the 'Endurance, Latency, Compliance and FTP' components within designed timeperiod.

Also rised and solved issues specific to cloud environment like WAF, FTP stability, Timestamp, Special characters security issues in prior notice inorder to maintain constant ontime signoff.

Created **Selenium VBA automation tool** to carry out Smoke Test, to validate Reports module and for data setup. Also, automated the day-to-day activities like logging into VPN, VM, to application and screenshot functionalities.Worked on JIRA for Defect Tracking and Test Execution.

➤ INTERNSHIP

TRACTORS AND FARM EQUIPMENTS (TAFE), MADURAI

Have learned and applied **VSME** and **LEAN** concepts and suggested a solution to increase the Productivity and Efficiency by eliminating the Non Value Added (**NVA**) activities.

➤ COLLEGE LEVEL PROJECTS

• BOREWELL RESCUE SYSTEM

Fabricated a device To Save a Child That Is Stuck in a Deep Bore Well. Mechanism used in this device is Inverted Umbrella Mechanism.

• SIMULATION OF BLOW MOLDING USING ANSYS POLYFLOW

Reduced the Material cost involved in manufacturing the water bottle by Blow molding process with the help of Ansys Polyflow Software.
